ABOUT

At EIS Hospitality, we exist to inspire human connections by creating dynamic environments through our global capabilities. Our hospitality division is the premier millwork and casegoods authority in the hospitality industry, devoted to serving our long-standing partners through a customized experience that meets each hotel property's unique needs.

Our group of industry professionals is comprised of engineers, pre-construction and project managers, and our dedicated sales team. Each member brings diverse skill sets from their experience in the hotel industry to provide unmatched service to our clients. You can expect easy-to-read documents, scope consolidation, turnkey services, and a customized experience while maintaining consistency and brand standards.

Whether you're embarking on a brand refresh, interior renovation, or new build, we're here to be your invested partner that meets your every need. We specialize in simplifying the process through our multilayered understanding of product development and building contract products for the hospitality industry.

Partner with us to engineer, source, and install your millwork and casegoods.

EIS Hospitality is your one source for custom and prototypical millwork and casegoods. From hotel lobbies, bar lounges, and meeting spaces to guest rooms, vanities, and kitchenettes, we have the capabilities to deliver high-quality, on-brand solutions with precision and efficiency.

We excel at customizing every stage of each project to meet your distinct needs. Our reputation precedes us; we have delivered hundreds of projects for leading hospitality brands nationwide who entrust us with their interior needs and creating unique experiences for their valued guests.

Let EIS Hospitality be your solution for custom millwork and casegoods. We're the go-to hospitality experts in brand standards, high-end products, and customizable solutions.

OUR PARTNERS

We understand our partners' goals and pride ourselves in going the extra mile to help achieve the outcomes they desire.

Fueled by 45 years of expertise, EIS Hospitality brings visions to life for global brands with skilled coordination, brand alignment, and a commitment to the delivery and installation of millwork and casegoods.

Partnering with EIS Hospitality, you can expect a single point of contact, easy-to-read documents, scope consolidation, and turnkey services. We have the knowledge and dedicated resources to serve your hotel brand consistently.

Work Examples

Tru by Hilton + Home2 Suites by Hilton

Milwaukee, WI

PROJECT TYPE

New Construction

SCOPE

Front Desk, Business Center, Breakfast Area,
Market Area, Gaming Storage, TV & Coffee Media
Wall, Breakfast Tables

SERVICES PROVIDED

Field Dimensioning, Submittal Drawings, Millwork
and Stone Fabrication, Delivery and Off-Loading,
Installation

MATERIALS USED

Plastic Laminates, Quartz, Glass

Our long-standing partnerships with both Home2 Suites by Hilton and Tru by Hilton hotel brands led to a successful dual-brand fusion in the heart of downtown Milwaukee, WI. EIS Hospitality expertly developed, manufactured, and coordinated installation for a complete prototypical public space millwork package.

Springhill Suites by Marriott

Wauwatosa, WI

PROJECT TYPE

New Construction

SCOPE

Front Desk, Bar, Slat Walls, Breakfast Area,
Employee Breakroom, Market Area, Guest Room
Dry Bars

SERVICES PROVIDED

Field Dimensioning, Submittal Drawings, Millwork
and Stone Fabrication, Delivery and Off-Loading,
Installation

MATERIALS USED

Veneers, Plastic Laminates, Quartz

The unique treatments in the SpringHill Suites millwork package offered a welcomed challenge to EIS, allowing us to showcase our expertise in engineering and installation guide documentation services. The millwork package features subdividing wall elements, angular millwork Weave Walls, and cabinetry and paneling that compliments the brand's clean, contemporary aesthetic.

Holiday Inn Express and Suites

Bryan, TX

PROJECT TYPE

New Construction

SCOPE

Market, Breakfast Area, Floating Ceilings, Slat Walls, Front Desk Pods

SERVICES PROVIDED

Field Dimensioning, Submittal Drawings, Millwork and Stone Fabrication, Delivery and Off-Loading, Installation

MATERIALS USED

Plastic Laminates, Quartz

The millwork package in this new construction hotel includes a sizeable floating ceiling element, breakfast bar and coffee bar with custom cabinetry and countertop, and front desk area millwork elements. EIS engineered the angular slatted wood screens and wood feature walls throughout the common spaces, giving the area additional dimension.

info@eishospitality.com

Tru by Hilton

Lubbock, TX

PROJECT TYPE

New Construction

SCOPE

Command Center, Breakfast Area, Ceiling Alcoves, Gaming Area, Coffee Station

SERVICES PROVIDED

Field Dimensioning, Submittal Drawings, Millwork and Stone Fabrication, Delivery and Off-Loading, Installation

MATERIALS USED

Plastic Laminates, Quartz

The reimagined lobby in this Tru by Hilton property features semi-private alcoves, slatted wood ceilings, wall elevations, and privacy screens. We also revamped the 24/7 market with corner cabinetry and additional custom millwork features. The unique, curved millwork on the reception desk needed extra care during the engineering process.

Aloft and Element Hotel

Tampa, FL

PROJECT TYPE

New Construction

SCOPE

Front Desk, Slat Walls and Ceilings, Market Area,
Breakfast Area, Bars, Panel Walls

SERVICES PROVIDED

Field Dimensioning, Submittal Drawings,
Millwork and Stone Fabrication, Delivery and
Off-Loading, Installation

MATERIALS USED

Metal, Veneers, Quartz

Aloft and Element were eloquently fused in this dual-brand project. Each brand boasts unique extended stay and boutique features that require experienced engineering to make it all work. Notable features include custom paneling and trim for the 7th-floor bar and a lavish chevron pattern with the millwork in the meeting room. We also manufactured and installed countertops and cabinetry, minimizing room for error for the client by producing all elements in the same production facility.

Cambria Hotel

Chandler, AZ

PROJECT TYPE

New Construction

SCOPE

Front Desk, Slat Walls, Curved Fireplace Wall,
Plank Ceiling, Market Area

SERVICES PROVIDED

Field Dimensioning, Submittal Drawings,
Millwork and Stone Fabrication, Delivery and
Off-Loading, Installation

MATERIALS USED

Veneer, Quartz, Porcelain

Our team manufactured the public space millwork elements, including the fireplace wall, coffee house pub, hang-out at the market, captain's table, cabinetry, and countertops. The curved millwork elements required us to engineer a custom solution safeguarding the general contractor from potential field condition issues.

Home2 Suites

Coralville, IA

PROJECT TYPE

New Construction

SCOPE

Front Desk, Wood Wall, Breakfast Area, Breakfast Tables, Business Center, Window Perch, TV & Coffee Media Wall

SERVICES PROVIDED

Field Dimensioning, Submittal Drawings, Millwork and Stone Fabrication, Delivery and Off-Loading, Installation

MATERIALS USED

Plastic Laminates, Glass, Specialty Finishes, Quartz

As a specified millwork provider for the Home2 Suites by Hilton brand, we supplied public space millwork packages for many of these extended-stay properties. We supported the development through the final installation of lobby millwork elements, including Home2 MKT, a gathering zone, breakfast area with custom cabinetry and community tables, front reception desk, and business center.

For more information or to discuss your next project, reach out - we're here to help.

info@eishospitality.com

Hilton Garden Inn

Kimberly, WI

PROJECT TYPE

Renovation

SCOPE

Front Desk, Ceiling, The Shop

SERVICES PROVIDED

Field Dimensioning, Submittal Drawings,
Millwork and Stone Fabrication, Delivery and
Off-Loading, Installation

MATERIALS USED

Veneer, Quartz

As a Hilton-preferred designer and supplier, we offer a unique design + build service for The Shop renovations nationwide using our deep understanding of Hilton Garden Inn brand standards. We can also assist with the lobby and adjacent areas to The Shop, tying the various hotel lobby spaces together cohesively.

info@eishospitality.com

Homewood Suites

Carmel, IN

PROJECT TYPE

Conversion

SCOPE

Front Desk, Market Area, Wood Walls, Business Area, Banquettes

SERVICES PROVIDED

Field Dimensioning, Submittal Drawings, Millwork and Stone Fabrication, Delivery and Off-Loading, Installation

MATERIALS USED

Veneer, Quartz

This project's scope included a custom millwork package for the lobby's market, breakfast serving area, meeting spaces, and multipurpose area. The zoned approach in the public space gives guests with different needs a chance to dine, work, or relax in the area that best serves them.

info@eishospitality.com

Hampton by Hilton

Braselton, GA

PROJECT TYPE

New Construction

SCOPE

Front Desk, Market Area, Breakfast Area

SERVICES PROVIDED

Field Dimensioning, Submittal Drawings, Millwork and Stone Fabrication, Delivery and Off-Loading, Installation

MATERIALS USED

Veneer, Quartz

Hampton by Hilton and EIS Hospitality teamed up to create a timeless, comfortable public space in Braselton, GA. We supported Hampton with both new prototype projects and their existing prototypes, developing, building, and supporting the installation of lobby millwork solutions and customizing each package for each client's property.

info@eishospitality.com

TownePlace Suites

Wilmington, OH

PROJECT TYPE

New Construction

SCOPE

Front Desk, Slat Walls, Fitness Center, Bar, Breakfast Area, Market Area

SERVICES PROVIDED

Field Dimensioning, Submittal Drawings, Millwork and Stone Fabrication, Delivery and Off-Loading, Installation

MATERIALS USED

Veneers, Plastic Laminates, Quartz

EIS Hospitality was honored to engineer, build, and provide installation support for the millwork package at this new build property. As a trusted partner of the Marriott brand, we are in tune with their family of brand's requirements and help foresee potential issues with the other trades on site. We successfully executed this project's scope, including the front desk, lobby market, breakfast area, gym, and bar.
